Dear Paul,

I can't tell you how much we enjoyed your participation at our picnic this past weekend. The adults loved it and the kids were mesmerized. It was obvious that you were the hit of the day.

You have to know that one of my lifetime goals has now been achieved. I've always wanted to be able to juggle, but I could never get three objects going at the same time. I knew there had to be a technique, but I couldn't figure it out to save my life. You also didn't tell me that the upper portion of my forearms would be so sore! But that's a small price to pay for being able to stand on the first tee and juggle three golf balls as my partners look on in disbelief.

[REDACTED] I didn't know, until I read your brochure, that you traveled all the way from Madison to educate and entertain us. Folks are still buzzing about your performance as well as your well mannered assistant Harlan! Rest assured we will be recommending you to everyone. Thanks again! God Bless you and your family.

Peace,

Keith E. Stormes,
Executive Director
